

O.A.B.I. VIEW

Volume 4 | Issue 1 | 10 Years & Growing

Looking Back!

This Bible School was born out of the Chancellor’s desire to fill the need that exists in the New York Metro area for men and women trained in apostolic ministry applicable to the multi-dimensional diversity of this area of the vineyard .

Mission

OABI Institute exists to prepare men and women for apostolic Christian service through sound Biblical instruction.

Goals

We aim to offer programs and courses which facilitate the development of men and women enabling them to function effectively in the ministry through the practice of spiritual discipline. We further seek to provide a forum to create new initiatives in proclaiming the gospel of Jesus Christ. OABI is also committed to assist in the rehabilitation process for men and women of the community as they transition from incarceration back into the community of Mt. Vernon and beyond.

Tribute To Our Mentor

Oneness Apostolic Bible Institute’s entire staff, faculty, Dean and Chancellor will forever be indebted to the vision and wisdom of Dr. Trevor Neil who has transitioned to his heavenly reward. He partnered with us when OABI was just a thought in our pastor and Chancellor Bishop A. Thomas’s mind. From the foundation, Dr. Neil believed in our vision and mission His leadership was unwavering; his wisdom knew no end.

He helped us established bylaws and procedures and made sure that we stayed true to the oneness biblical doctrine. We are thankful to Dr. Neil for his leadership, and his foresight, and without prejudice state emphatically we will miss him unequivocally.

Where Are They Now?

In this issue we feature Pastor **Daemion Nelson** who graduated from the school of theology in 2012. Bro. Nelson served as ORAC's youth pastor from 2013 - 2015 before answering the call with his family to start a church in the city of Yorktown Heights. We wish Pastor Nelson and the entire Pentecostal of Yorktown family God's many blessings.

Quote

"The heights by great men reached and kept were not attained by sudden flight, but they, while their companions slept, were toiling upward in the night."

Henry Wadsworth Longfellow
